An intellectual assessment is required for admission to grades one through four. Please contact one of the psychologists below, or any other qualified tester you may choose, to arrange the administration of a Wechsler Pre-School and Primary Scale of Intelligence (WPPSI-IV) or Wechsler Intelligence Scale for Children (WISC IV), depending on the age of the child. If you are unfamiliar with these, please ask the psychologist to describe the evaluation and explain how the assessment can be helpful to you in choosing a school for your child. We strongly encourage parents to schedule a conference with the psychologist to go over the results.

Fees for the WPPSI and WISC vary. Dr. Chin-Chin Ho offers the assessment to ISAS school applicants for a fee of $295, including a consultation with Dr. Ho about the results.

If you have any questions about this process, please call the Admission Office at 504-896-6323.

**UPTOWN AREA**
