COUNSELING SUPPORT IN A VIRTUAL ENVIRONMENT

WHILE OUR COMMUNITY ENGAGES IN THE CONTINUITY OF LEARNING PLAN (CLP), ISIDORE NEWMAN SCHOOL COUNSELORS CONTINUE TO WORK TO REDUCE BARRIERS TO LEARNING FOR STUDENTS.

SUMMARY OF COUNSELING SERVICES

Social-Emotional Counseling Consultation: Students, Parents, Faculty and Staff

In support of the health and well-being of our community, the school counselors continue to be available to students, parents and faculty/staff during the CLP for check-ins, consultations, and to provide referrals. To access the school counselors during regular school hours, email the counselor to set up an appointment. This will occur using Zoom Business, a HIPAA compliant form of videoconference that protects confidentiality. Families who wish to participate must review and agree to the guidelines as provided in the Informed Consent form. Email one of the counselors to get all of the information on Telecounseling. Faculty and staff can request consultation via email.

For acute situations or ongoing needs for support, counselors will assess and refer to an outside professional or agency.

HOW TO ACCESS COUNSELING REMOTELY

FOR STUDENTS, PARENTS & FACULTY

Students, faculty, staff and parents are all encouraged to speak with the counselors, not only when a problem arises, but also as a way of strengthening one’s ability to support the children and adolescents in their lives.

Lower School Courtney Costello, LCSW courtneycostello@newmanschool.org
Middle School Mimi Ryan, LPC mimiryan@newmanschool.org
Upper School Michelle Goehring, LCSW michellegoehring@newmanschool.org

As always, in case of a mental health emergency, please call 911.
